Fillari's media channels provide readers with information, enjoyment and experiences more diversely and in a bigger scale than ever before.

For advertisers Fillari offers the largest audience of enthusiastic cyclists and readers in Finland. The printed magazine has had a growth of almost 30 percent in subscriptions due to the merger of Fillari and Pyöräily+Triathlon in 2023.

Furthermore our renewed fillari-lehti.fi website offers our advertisers one more digital channel alongside our highly popular discussion forum fillarifoorum.fi to reach cycling enthusiasts.

Based on our reader survey conducted in spring 2023 the readers of Fillari and their families prove to be a highly lucrative target audience for advertisers. They engage actively and diversely in cycling-related

activities and invest significant sums to their passion. Furthermore, Fillari readers also influence strongly to the cycling-related purchases within their social circle.
